

Prof. Dr. RICARDO CUEVAS CAMPOS, as VICE-CHANCELLOR FOR SCIENTIFIC POLICY OF UNIVERSIDAD DE CASTILLA- LA MANCHA, in use of the powers delegated by the Most Excellent Rector Magnificus of UCLM, through Decision of 30/12/2024 (published in the Regional Official Gazette of Castilla- La Mancha, D.O.C.M. of 15/01/2025), concerning Scientific Policy matters, hereby orders the following

CALL FOR A LABOUR CONTRACT FOR SCIENTIFIC-TECHNICAL ACTIVITIES

Ref.: 2025-CACT- 13027

BACKGROUND: the Internal Regulations on Recruitment of Research Staff, approved by the Governing Council on July 3, 2024, rule the participation at UCLM of hired staff in the different RTD projects which allow for such labour contracts. *Royal Decree-Law 8/2022 of 5th April, for the adoption of urgent measures in the scope of labour contracts within the Spanish Science, Technology and Innovation System* establishes the creation of a new type of non-fixed term labour contract for scientific-technical activities linked to research lines.

On **January 31, 2025**, Prof. Dr. **Beatriz Pérez Ramos**, Responsible Researcher of Project **PREVENCIÓN Y RESTAURACIÓN DE GRANDES INCENDIOS FORESTALES DE CASTILLA-LA MANCHA EN UN ESCENARIO DE CAMBIO GLOBAL**, with reference **SBPLY/23/180225/000118/2** requested the call of a **labour contract** with charge on the above mentioned project, in the framework of the research line **Fire ecology**, of a non-fixed term position of category **SEGUNDA** RTD PROJECT, type of category **NO TIENE**.

GROUND OF LAW: Once the documentation has been studied, and having verified the existence of the corresponding budgetary allocation in the above project, and that the staff contract is necessary and possible under the funding programme, in the framework of the research line **Fire ecology**, in accordance with the internal Regulations on Recruitment of Research Staff of this university, The Vice- Chancellor hereby issues the following **DECISION**:

- To publish the call for a non-fixed term contract whose requirements are specified in the Annex, linked in any case to the duration and/or funding of the research line **Fire ecology**.
- Applications: those candidates interested in taking part in this call must apply electronically, completing the available template on the public access website of Universidad de Castilla- La Mancha: <https://convocatorias.rhh.uclm.es/index.aspx?t=1> or accessing directly through the university home Page> INVESTIGACIÓN > CONVOCATORIAS > CONVOCATORIAS DE PERSONAL CON CARGO A PROYECTOS DE INVESTIGACIÓN. Each application will be assigned a unique identifying reference number. Simultaneously with the submission of the application, the following documents must be attached in PDF format:
 - Academic certificate (including a transcript of records/grades obtained in the Degree / Master course).
 - Copy of ID Card (DNI), passport or residence card of the candidate.
 - Curriculum Vitae (CV) of the candidate, where all the alleged merits are mentioned, such as scientific publications, conferences, participation in research projects, stays, fellowships, foreign language/s knowledge (officially certified), national or international mobility during the degree or master course, placements or secondments in companies or research centers, etc.
- The Selection Committee will be specified in the Annex.
- This call will be published in the Electronic Notice Board (electronic office site '*Sede Electrónica*') and website of the Universidad de Castilla- La Mancha.
- Pursuant to article 49.b) of the *Workers' Statute* and in accordance with article 23bis of *Law 14/2011, of 1st June, of Science, Technology and Innovation*, introduced by the First Article of *Royal Decree-Law 8/2022, of 5th April, for the adoption of urgent measures in the scope of labor contracts within the Spanish Science, Technology and Innovation System*, this contract could be terminated if there is a partial or total lack of the funding that justifies the hiring of the worker and, in conformity with section 4 of the aforementioned legal text, the applicable rights and obligations stipulated in the *Refunded Text of the Basic Statute of Public Employees* and the *Refunded Text of the Law of Workers* will be applied to this contract, being the worker entitled to the indemnities which are lawfully applicable after the extinction of the labor relation.

In Albacete, signed on the date indicated below,
THE VICE-CHANCELLOR FOR SCIENTIFIC POLICY

Signed: Prof. Dr. Ricardo Cuevas Campos
